This new group has started from where the oldies left and has been showing the zeal and enthusiasm to take the alumni association to greater heights.....

Some of the events held so far in just a few months of taking charge....

RETRO NIGHT

Was held on 22nd Aug 2010 @ Fbar, Saket. We had 250+ members & non members attending the event. We just can not do without a party!!!!

The highlight of the event was a collection drive to raise money for the School Library. All those present on the occasion donated generously and we had Rs. 20000.00 by the end of the evening. We also auctioned 3 Shirts specially created for this event. Long Live Never Die Spirit of CENTAFSIANS.....

We thank everyone present in helping us make this a GRAND SUCCESS.

VANMAHOTSAV

Saving environment and being eco- friendly is the current need of the hour. The alumni & the Principal, Ms. Deepika Thapar Singh, jointly organised it on 31st Aug 2010. CENTAFS arranged 100 saplings for the School. After the assembly the students participated in the plantation drive with big smiles (From many an acorn grows the oak).

TEACHERS DAY

As thanks giving to our Teachers, we donated 2 water coolers to each of the Schools staff room for Teachers to enjoy cold water (after all they talk so much, thirst should be quenched). They were very highly appreciative of this gesture and said that they were pleased that the alumni is sparing a thought for them also.

LIBRARY

500+ books were handed over to the School library from the funds collected on the Retro Night. The list of authors was given to us by the school. Amod Agarwal, 1976, donated books from his personal collection. We request all of you to come forward and donate

more funds and books for this noble cause, enabling us to give more books to children to read. Please contact Pooja, pooja.sadanand@centafs.org for any contributions you desire to make.

PURE DRINKING WATER (Reverse Osmosis System)

Alumni & School collectively looked into the drinking water issue. The school is at the moment giving students bore well water filtered through Aquaguard. We plan to install a 500 l/hr RO system for students to get clean and pure drinking water. We have at present managed to collect Rs. 2.5L for installation of RO for the Junior School. We are still in need of additional funds.

URGENT REQUEST – PLEASE GET IN TOUCH WITH ASHISH, President, ashish.sawhney@centafs.org ASAP for donations.

After successful installation, we will then take up the Senior School RO – 1000 l/hr.

EAGLES NITE

Yes, we know most of you are rearing to know about annual dinner. 2nd Sat of Oct 2010 was coinciding with CWG, which inspite of all hurdles went off superbly, taking India to second place on the medals tally. Due to traffic restrictions and security concerns we were forced to postpone this dinner. The new date:

4th Dec 2010 @ TAFS, Subroto Park, Delhi Cantt-10
